

- Available in exclusively designed Two Layered 'Black'.
- 5% more water storage capacity (complying IS specification).
- Easy to Install.

The Black layer of POLYEGE TANKS are manufactured from Carbon black compounded polyethylene granules conforming to the requirements of IS Specification.

MANHOLE LID : As per IS Specification POLYEGE tanks are covered with manhole lid for Double Locking system which fits securely over the top of the rim of the tank in order to prevent the ingress of foreign matters such as insects, mosquitoes or dust. Its automatic locking system provides security against the loss of lid due to strong winds.

POLYEGE TANKS meets all the requirements of IS Specification in case of use of the raw material, dimensions and manufacturing process. IS:12701; CM/L-5357874.

POLYEGE DIMENSION

SL. NO.	CAPACITY (LTRS)	DIMENSION (in cm.)		
		DIAMETER	HEIGHT	MANHOLE SIZE
01	200 Ltrs	71.00	60.00	37.50
02	300 Ltrs	74.00	82.00	37.50
03	500 Ltrs	90.00	94.00	37.50
04	750 Ltrs	99.00 / 99.00	109.00 / 103.50	37.50
05	1000 Ltrs	110.00 / 109.00	122.00 / 115.50	37.50
06	1500 Ltrs	131.50	133.00	49.00 / 37.50
07	2000 Ltrs	145.00 / 133.00	148.00 / 165.50	49.00 / 37.50
08	2500 Ltrs	145.00	181.00	49.00
09	3000 Ltrs	145.00	195.00	49.00
10	4000 Ltrs	167.60	200.00	49.00
11	5000 Ltrs	192.00	192.00	49.00
12	7500 Ltrs	167.60	271.00	49.00
13	10000 Ltrs	196.00	340.00	49.00
